RECOMMENDATIONS FOR PREMIERE

A few tips to make you visit to Grass Valley easier and more pleasurable

Doors open at 10:30 and those with Special Collector Tickets will need to go through the box office to get your ticket marked off and to get a theater pass. You will get your collector ticket back — we just need to get an accurate head count for the fire marshall. **So be prepared to stand in line — sorry.**

I would like everyone who has a camera and a video camera to come prepared to record the festivities before and afterward as I would like to have those moments of joy to remember for a long time — and we want to capture the crowd going crazy — a good crazy...

I want everyone to come up onto the stage when I call your name after the movie! I want at least, AT LEAST, 1 entire group picture with everyone involved in the movie!!!

AS WELL AS, a group picture with your cast members on the day you lensed the movie — some may know it by scene and location. So Miners & Outlaws with at least me, would like the crew in it as well, one with the Sutter's Mill, Sutter's Fort, and 2010...you get the picture..and I want a picture.

PLEASE!!!

After all that is done and you have to leave, you are free to go.

Those that are staying can participate in a A & Q session if anyone is still in the theater after the commotion of everyone saying goodbye and so forth to those leaving.

There should be special premiere coffee mugs to purchase, as well as, t-shirts of the event, along with a raffle done by Women of Worth, and various give-a-ways by me.

ON TOP OF WHICH you have to receive your complimentary copy of THE GOLDEN TREE on DVD.

Speaking of Which, Danny Gray, the composer, has made a special album of the soundtrack for the cast & crew, but will be available after the premiere.

There are so many people to thank and not just in the making of the movie — who have already been thanked but I will keep thanking them — but the one's who have helped me put this event together from Jonathan Zorne and Nicole Bedell at the Del Oro, Aaron Rutledge of [FullSpectrum](#), Doug & Maureen Young for use of their computer to get it all exported, Gil Dominguez, Tamara Davenport for moral support, love and hugs, to Viki, Ashley, Gerald, and Mathew Young and now FRED CROWDER.

Web sites to remember, visit, and share.

If you have not visited you should, if you have not "liked" than you should, all of these links has all the information you need.
